PROFESSIONAL SUMMARY

Full-Stack Developer with a B.Sc. in Information Technology & Computing and over 4 years of hands-on development experience. Skilled in building secure and efficient applications using C#, .NET Core, and MS SQL, along with modern front-end frameworks like React.js and Next.js. Experienced in designing scalable architectures, optimizing databases, and delivering complete software solutions from concept to deployment.

PROFESSIONAL EXPERIENCE & INTERNSHIPS

Digital Data Dimensions: Software Development Intern

10/2024 – 12/2024

- Developed scalable web applications using .NET Core and MS SQL Server.
- Optimized database performance through efficient schema design and queries.
- Integrated React.js and Next.js front-ends with .NET Core APIs.
- Resolved software issues using C# and MS SQL to enhance performance and UX.
- Contributed to Agile sprints, code reviews, and deployment testing.

Rafrat Bim & Engineering W.L.L: WordPress Developer & Web Admin (Contract)

04/2023 – 12/2024

- Secured and maintained responsive client websites by configuring SSL certificates and firewalls, ensuring site stability and data protection.
- Customized WordPress themes and enhanced UI/UX using Elementor for engineering-related projects, improving user engagement and the company's online presence.
- Provided full IT and web support, including domain and hosting management, content updates, and routine troubleshooting.

TimeTech: Custom Web Developer (Contract/Freelance)

10/2024 – Present

- Develop and maintain custom websites from scratch using core web technologies including **HTML, CSS, and JavaScript**, ensuring high performance and responsive design.
- Translate design mockups into pixel-perfect, interactive frontend user interfaces.
- Implement **SEO and security best practices** tailored for custom-built static and dynamic sites.

Powermech Technologies: Web Developer (Contract/Freelance)

06/2024 – 09/2025

- Designed and implemented a custom website using **WordPress and Elementor**, focusing on a unique, professional aesthetic and improved **UI/UX**.
- Managed website security, including **SSL encryption and firewalls**, and oversaw routine site administration (backups, updates, content management).
- Applied **on-page SEO strategies** to enhance search visibility and drive client engagement.

EDUCATION

Arab Open University || Kingdom of Bahrain

September 2021 – June 2025

BSc Hons in Information Technology & Computing

Clara's College of Commerce || Mumbai, India

January 2019 – August 2021

Commerce With IT

CERTIFICATIONS

Diploma in Web Development (HTML, CSS, Dreamweaver, Adobe Photoshop, FTP)

Issuing Organization: *Compufield*

2020 – 2021

Certificate in C++ & Python

Issuing Organization: *Compufield*

2020 – 2021

Meta Front-End Developer Professional Certificate

Issuing Organization: *Meta (via Coursera)*

2022 – 2023

Diploma in C#, .NET Core & MS SQL

Issuing Organization: *Compufield*

2024 – 2025

KEY PROJECTS & PORTFOLIO

AdVision (AI-Powered Ad Analysis WebApp)

2024

- Developed an AI-powered web application for ad analysis and design optimization using Next.js and React JS, delivering responsive front-end interfaces.
- Integrated external APIs to enable complex data-driven functionality, showcasing skills in modern web development and connectivity with databases like Supabase (Postgres).

Voicelry (Instant Audio Sharing Tool)

2025

- Engineered the **full-stack architecture** for an instant audio utility, emphasizing **no-signup/no-download** accessibility and **crystal-clear recording** via modern browser APIs.
- Developed a dynamic front-end using **Next.js and React JS** to instantly generate **shareable links, QR codes, and embed codes** upon audio finalization.
- Implemented core functionality for **easy upload** of existing audio files and leveraged browser security features to ensure a **secure & private** user experience.

TECHNICAL SKILLS & EXPERTISE

Full-Stack Development

C#, .NET Core, React.js, Next.js, HTML5, CSS3, JavaScript (ES6+), WordPress, Elementor

Database & Back-End

MS SQL Server, Postgres (Supabase), MongoDB, API Integration (REST), Schema Design, Query Optimization

Web Operations & Admin

DNS Management, Web Hosting & Domain Administration, FTP Client Operations, SSL/TLS Configuration, Firewall Management, Site Backup & Recovery

Digital Strategy & Marketing

On-Page SEO Implementation, Digital Marketing Fundamentals, Social Media Management, Content Updates, UI/UX Enhancement

Tools & Version Control

Git, GitHub, Visual Studio, Agile/Scrum Methodologies
